

## Travellers need companions that **DO IT ALL.**

**It is not only travellers who come home with a range of new experiences, but also their baggage//** Whether on a train, in the airport or on a boat – when being transported, bags, suitcases and rucksacks have to withstand tough conditions. So it helps if you're travelling with the robust baggage made by **TATONKA**. Each individual bag has been manufactured using extremely hard-wearing materials, and been processed with the utmost care.

All products impress with their intelligent compartments and many practical details that make travelling even more comfortable. Just like the new and ultra-light **Pro Team** Trolleys, available in three different sizes and in even more vibrant colours. With their very sturdy telescopic handles and high-quality light aluminium rollers these trolleys can be easily and comfortably pulled – even under a full load and when the ground is uneven and bumpy.

New to the range is the **Overnight Trolley**, the ideal companion for short trips. With its compact dimensions, it can be perfectly used as hand luggage or even – with the shoulder strap – as a rucksack. The small and flexible **Flightcase** by **TATONKA** is also available in carry-on luggage size. A few sizes larger and therefore optimally suited for longer trips is the **Great Escape** Roller – a hybrid between suitcase trolley and rucksack. With its comfortable padded-back carrying system it can be easily transported, and with its sturdy roller construction even more comfortably pulled.

---

You won't miss the new **Pro Team TATONKA Trolleys** on the airport conveyor belt// They are available in fluorescent colours and in three different sizes.

Read more about **Pro Team Trolleys** on page 128.

**A rucksack that can handle a round-the-world trip //** The multifunctional travel rucksacks **Yukon Tour** for men and **Isis Tour** for ladies combine the advantages of trekking rucksacks with the sophisticated properties required for extended journeys. They have a high-performance carrying system that can be completely covered to protect it from damages during transport, a side-mounted handle for loading and unloading as well as a removable shoulder bag for sightseeing tours.

A sought-after travel companion is also the suitcase rucksack **Great Escape**, the “roller-less” counterpart to the **Great Escape** Roller. With its V1 carrying system, it can even handle heavy loads and thanks to its additional shoulder strap can also be carried as a bag. That is especially useful on public transportation. Since this year the newly developed 700 Den Cordura is now used for all Great Escape Models.

## THE IDEAL BAGGAGE HAS TO BE ROBUST AND LIGHTWEIGHT AT THE SAME TIME.

The **Barrel Series**, made from waterproof truck tarpaulin material, is especially strong and robust. These bags are available in the sizes XS, S, M, L or XL and in the colours green, yellow, red, blue, black or white as well as with or without rollers. Whatever model you choose you will enjoy using it for many years to come. And that’s a promise!

**Indestructible travel bag on wheels.** With the Barrel Roller you have to decide: firstly on the suitable capacity of 45, 60 or 80 litres. Then you have to choose a colour, because the Barrel Roller is now available in many more great colour variations. Of course the Barrel Rollers are all robust and extremely resistant – from the carry straps down to the wheels. The Barrel Roller can be transported either by the padded handles, with the help of the extra wide hand and shoulder straps or very simply with the telescopic handle.

**Features:** ① Made of washable tarpaulin and Textreme materials ② Padded base ③ Mesh pocket under the lid ④ Extra-wide hand and shoulder straps ⑤ Shoulder strap ⑥ Padded handles on both sides ⑦ Strong wheel construction ⑧ Telescopic handle ⑨ Name tag  
**Material:** Tarpaulin 1000, Textreme 6.6

# YUKON TOUR 70

black

**Multi-functional rucksack for travel and trekking use.** As soon as you start packing, the Yukon Tour will impress you with its large access into the main compartment. Thanks to the hide-away carrying system with the completely adjustable hip fins, the Yukon Tour is especially suitable for trekking fans with a penchant for long-distance travel since even as flight luggage there's not much that can happen to it. In the large lid compartment you will find a rain cover and first-aid compartment; on the outside there are several loops for individual material attachment. The highlight, however, is the detachable bag with a shoulder strap. This will allow you to go on a relaxed tour around the city, while the rest of the Yukon Tour can be left behind in a locker or your room.

**Features:** ① V2 Tour carrying system ② Divided main compartment ③ Detachable daypack, 5 l volume ④ Back carrying system that can be hidden away for the journey ⑤ Side carrying handle ⑥ Access into the main compartment ⑦ Key holder ⑧ First-aid compartment (contents not included) ⑨ Rain cover ⑩ Deflected hip strap ⑪ Hydration system compatible **Material:** Textreme 6.6, 420 HD Honey Cross, Texamid 11.1

**Article:** 1414 Yukon Tour 70

**Colours:** 040 black

**Weight:** 3.40 kg

**Dimensions:** 85 x 32 x 25cm

**Volume:** 65 + 5 l

# ISIS TOUR 60

**Multi-functional ladies' rucksack for travel and trekking use.** With its large opening into the main compartment, the Isis Tour makes packing particularly simple and comfortable. Isis even looks good when it's being transported, as with the adjustable hip fins and completely concealable V2 Tour carrying system this ladies' rucksack is flexible and even withstands longer stays in the luggage hold of a bus or aeroplane without any damages. Another important feature is the detachable bag with a shoulder strap, which, with a volume of 5 litres, can carry everything that you could possibly need on a sightseeing tour, while the heavy luggage stays in your room. Isis also has a robust handle on the side for short journeys and easy loading and unloading.

**Features:** ① V2 Tour carrying system ② Divided main compartment ③ Detachable day rucksack, 5 l volume ④ Back carrying system that can be hidden away for the journey ⑤ Side handle ⑥ Access into the main compartment ⑦ Key holder ⑧ First-aid compartment (contents not included) ⑨ Rain cover ⑩ Deflected hip strap ⑪ Hydration system compatible ⑫ Lady logo **Material:** Textreme 6.6, 420 HD Honey Cross, Texamid 11.1

**Article:** 1416 Isis Tour 60

**Colours:** 004 navy

**Weight:** 3.30 kg

**Dimensions:** 81 × 31 × 24 cm

**Volume:** 55 + 5 l

# GREAT ESCAPE 60 | 75

**Article:** 1140 Great Escape 60  
**Colours:** 004 navy, 040 black

**Weight:** 2.95 kg  
**Dimensions:** 70 × 35 × 26 cm  
**Volume:** 50 + 10 l

**Article:** 1142 Great Escape 75  
**Colours:** 004 navy, 040 black

**Weight:** 3.10 kg  
**Dimensions:** 73 × 37 × 28.5 cm  
**Volume:** 65 + 10 l

**Suitcase rucksack with detachable daypack.** This is still one of the most popular **TATONKA** products ever and has now been strengthened through Cordura material. With the V1 carrying system for heavy loads and its functional division, the Great Escape is still always a good choice when you're looking for a tour partner. It has a detachable division between the base and main compartment and a back carrying system that can be completely covered and which protects from damages during transport. When you arrive at your destination the Great Escape can also be comfortably carried as a bag using an additional shoulder strap – which is practical when you're travelling on public transport for example. And a very special extra: for smaller tours the Great Escape always has the detachable daypack close at hand.

**Features:** ① V1 carrying system ② Detachable daypack ③ Division in the main compartment ④ Removable section between main and base compartments ⑤ Base and main compartment can be packed separately ⑥ Completely concealable back carrying system ⑦ Length-adjustable strap with shoulder padding  
**Material:** Textreme 6.6, Snow Cross, Cordura 700 Den

# GREAT ESCAPE ROLLER

black

**Article:** 1144 Great Escape Roller

**Colours:** 040 black

**Weight:** 4.30 kg

**Dimensions:** 78 × 38 × 24 cm

**Volume:** 65 + 10 l

**Suitcase rucksack with trolley function and detachable daypack.** The Great Escape Roller has now been strengthened with Cordura, its construction is based on the tried-and-tested Great Escape rucksacks. With its large zipped opening the Great Escape Roller is easy to pack and unpack. For even more space in the main compartment the partition to the base compartment can be removed with the zip fastener. Another feature that makes the Great Escape Roller so comfortable to carry is the telescopic handle, which allows you to pull the Roller like a trolley. A stable wheel construction ensures that this will be the case for a long time to come. But it is also ideally equipped for carrying: with a completely concealable back carrying system, a padded handle and a detachable carry strap with variable shoulder padding. Further features are the large mesh inside pocket in the main compartment and of course the detachable daypack with organiser, which has a sufficient capacity for smaller trips.

**Features:** ① Concealable Padded Back carrying system ② Detachable day rucksack with organiser ③ Division into main compartment and base compartment ④ Main and base compartment can be packed separately ⑤ Large mesh inside pocket in the main compartment ⑥ Name tag ⑦ Handle ⑧ Strong wheel construction ⑨ Telescopic handle ⑩ Length-adjustable strap with shoulder padding **Material:** Textreme 6.6, Snow Crust, Cordura 700 Den

# FLIGHTCASE

navy

black

**Article:** 1150 Flightcase

**Colours:** 004 navy, 040 black

**Weight:** 1.65 kg

**Dimensions:** 55 × 32 × 20 cm

**Volume:** 40 l

**The ideal flight companion with carry-on luggage dimensions and new colours.** With a padded back and ideal shape, the handy Flightcase is extremely comfortable to carry. Either by the handle or, thanks to the comfortable and sturdy straps, also on your back. It can be completely covered so the Flightcase can be checked in as carry-on luggage without any problems: it complies with the maximum dimensions permitted by the EU for hand luggage.

**Features:** ① Concealable carrying system ② Padded hip and shoulder straps ③ Separate compartment on the inside of the lid ④ Large main compartment with functional subdivisions ⑤ Flat zip pocket on top of lid ⑥ Strap ⑦ Practical compression straps **Material:** Textreme 6.6, Snow Crust, 420 HD Honey Cross

**Article:** 1984 Pro Team L  
**Colours:** 040 black, 194 bright blue  
**Weight:** 4.80 kg  
**Dimensions:** 73 × 40 × 27 cm  
**Volume:** 80 l

**Spacious travel bag in three sizes.** The new trolley for sporty use is not just an eye-catcher, it has numerous useful details. While travelling you can either pull as a trolley or carry using the ergonomically formed handles. The main compartment contains a lockable zipper. The foldable interior compartment with several inner mesh compartments can hold quite a bit of luggage; there is a front bag with zipper as well. The eye-catching colour design makes it a lot easier to identify the bag at baggage claim.

**Features:** ① Main compartment with lockable zipper ② Padded handles ③ Stable **TATONKA** roll system with telescope handle ④ Compressible interior bags ⑤ Attachment possibilities for optional carrying strap (carrying strap not included in shipment) ⑥ Interior mesh compartment/compartment for dirty laundry ⑦ Name tag ⑧ Front bag with zipper **Material:** Textreme 6.6, Tarpaulin 1000, 420 HD Stripe Tex

# NEW OVERNIGHT TROLLEY

black

bright blue

**Article:** 2004 Overnight Trolley  
**Colours:** 040 black, 194 bright blue

**Weight:** 3.20 kg  
**Dimensions:** 44 × 34 × 21.5 cm  
**Volume:** 30 l

**The ideal trolley for a short holiday or a business trip.** With the new Overnight Trolley, a few useful and thought-out details come together for a short holiday trip. It can be pulled like a trolley, but when you need to navigate stairs or if the terrain turns bumpy it can be converted and carried as a rucksack using comfortable and storable shoulder straps. Its small dimensions also make it ideal to transport as carry-on luggage on a flight (according to IATA). The large main compartment offers an internal compartment with a 15.4" laptop compartment and an add-on front bag that provides sufficient room and order for your short trip.

**Features:** ① Large main compartment with functional separation ② Storable shoulder straps ③ Interior bag made of mesh with zip compartment ④ 15.4" laptop compartment ⑤ Removable, padded laptop bag ⑥ Pen compartment ⑦ Soft, padded front bag with zipper **Material:** Textreme 6.6, Tarpaulin 1000, 420 HD Stripe Tex
